**FAIR ACRES RADIANCE**—A big, rugged, strong, two-year-old bull with real muscling and plenty of bone. His sire has sired so many of the champions and sale tops for Louada and is probably the greatest son of the famous Bapton Constructor. His imported dam by the noted Glamis Benefactor was purchased in the 1967 Louada sale for \$15.00 and is one of the top brood matrons at Fair Acres. This bull could settle the herd bull problem of many a top herd.

ELDAK POWERFUL—We purchased this bull as a calf. He has developed into a bull of excellent length and extremely thick quarter. He has accounted well for himself in the shows always placing well including Champion Bull of the East Central Minnesota Shorthorn Show at Rush City. We have used this bull on several cows, the first of which will calve shortly. Powerful is not overfit but in top condition to go right into a full scale breeding program.

**M C OAKLAND BASIL**—This bull was the senior yearling in our 1970 show and one of the bigger bulls shown. In official performance test he had a 205 day adjusted weaning weight of 523 lbs. with a grade of 16 and 2.52 lb. daily gain. In 1969 he was grand champion at the Steele county fair and second in class at the Minnesota State Fair. In 1970 he was grand champion of the Minnesota State Show at Austin, first in class at Minnesota State Fair, and fourth in class at the Iowa State Fair. Since fall he has run with the cow herd so is not fat but growing well. This bull will put size into any herd.

HOMEDALE CORONET LEADER 76th x—A good, big, sound, two-year-old bull with good feet and legs. He roughed it all last winter and is in ideal breeding condition. He may be one of the last sons of the grand old T P S Coronet Leader 10th x that we will have to offer for sale. The 10th is now 11½ years old and still weighs over a ton. He has sons in 20 states and Canada and some of the great bulls of the breed are out of his daughters. The dam of the 76th which weighs 1400 lbs. is bred just like the great \$3000 cow that sold in the 1969 Kinnebar sale. A real opportunity to buy the son of a great sire and out of one of the great cow families.

LONE PINE ROYAL STAMP 2nd—Here is a real modern bull with plenty of leg under him. His 205 day adjusted weaning weight was 510 lbs. He is sired by one of our home raised bulls and is a good example of the kind of cattle the bulls produced by us can produce. His dam comes from the same Secret Holly family that produced our 1970 Appleton reserve champion and 1971 Sioux Empire reserve champion.

MULBERRY DUCHESS 7th—A very well bred 1970 heifer that is just the right age for a 1971 junior 4-H or FFA purebred heifer project. Her sire is of the well known Ransom breeding, and the dam's sire was an Interstate sale top and winner. This is an exceptionally good producing Duchess of Gloster family.

# STANDARD GUARANTEE

## Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals cataloged have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
